HOWARD'S DEFENSE ALIBI

Defendant in Goebel Murder Trial On Stand—Taylor Denies Charges.

Frankfort, Ky., April 18.—James Howard testified in his own defense to day in the trial for the murder of Goebel. His defense is an alibi. He denied he knew either Taylor, Cullen or Goebel and emphatically denied he ever saw Youtsey until he met him in jail after his arrest, or that he ever received a letter from Governor Taylor, or did anything to which Youtsey testified.
Indiana, April 18.—V. B. Taylor, ex-governor of Kentucky, who lives in this city, in an interview to day says as far as he remembers he never met James B. Howard while he was governor of Kentucky. He also denies knowing either Taylor, Cullen or Goebel, and emphatically denies he ever saw Youtsey until he met him in jail after his arrest, or that he ever received a letter from Governor Taylor, or did anything to which Youtsey testified.
Howard continued testimony in his own behalf this afternoon. He denied he ever had an agreement with Youtsey. He said on the first witness failed to see Taylor, but did see him on a later visit. He denied that he ever told any one he "performed the job in twenty minutes." He also denied having seen John Powers or William Golden the afternoon of the shooting.

SUIT AGAINST ABSORBER.

Milwaukee, April 18.—The charge that Henry Herman has absconded from the city of Milwaukee and the United States was brought to official cognizance of the court to day by filing of papers in a suit brought by George E. Hill against Charles Fitzgerald and Henry Herman. The object of the action is to establish the plaintiff's interest in realty owned by Fitzgerald and mortgaged by him to Herman. Many similar actions are contemplated, involving, it is said, several hundred thousand dollars.
Herman was a promotor, capitalist, real estate agent, manager of estates and receiver of the Plantation bank. He figured in many lines of business than any other man in the city. He was identified with the United States Construction company, which has contracts for millions of dollars worth of work in various cities. Herman is said to have sailed from New Orleans Friday for Central America.

SIXTH LEFT FORTUNE.

Omah, April 18.—The lifeless body of John Bohm, a retired saloon keeper, was found in his room in a hotel to night. Search of the room revealed \$44.00 in railroad and bank notes and cash. A revolver with one chamber empty was grasped in his right hand and there was a gaping wound in his breast just over the heart. Bohm has been regarded as almost a pauper and no one knew of the wealth he had secreted in trunks, satchels and boxes. As far as known there are no relatives.

ATE POISONED REE LUNCH.

Chicago, April 18.—Thirteen men were poisoned to night by eating soup in a saloon. The soup was sent out as part of the free lunch. Nearly all the men in the place partook of it. In a short time it was necessary to take several of them to a hospital. Three are in a serious condition. Physicians declare the poison was placed in the soup and they believed it was croton oil and jalap.

WITHOUT FOUNDATION

Is Story Sent Out From St. Paul.

Washington, April 18.—The department of justice gave out a statement to day declaring an utterly without foundation the story from St. Paul to the effect Attorney General Knox had privately expressed willingness to modify or suspend the decree in the Northern Securities case and that he instructed the United States attorney to the contrary merely for the purpose of effect.
The attorney general has consistently and unalterably held the decree in the Northern Securities case and that to mitigate or suspend it in any respect would amount to license to continue to violate the law.
Postmaster General Payne had a number of conferences to day with those who are directing investigation of affairs in the department and spent a large part of the day considering the subject. He said, however, there were no important developments and he is not likely to be any that can be made public for some time. Inspectors are busy not only inquiring into affairs in a number of bureaus in the department here, but also looking into matters in several other cities in connection with the investigation here.
The postmaster general to day received a ruling of the treasury department regarding the recent allotment of clerks in various postoffices under the appropriation for the coming fiscal year. The allotment as already made is to take effect July 1 next, although within the aggregate appropriation exceeds in some grades the number specifically authorized by congress for each grade and in others the number is below that prescribed in the appropriation. The matter will be adjusted so as to meet the law and without incurring the disburse of any money.
NO OBJECTION.
After mature consideration the navy department has signified to the state department that it will not object to the landing of the Dutch-German cable on the island of Guam and instructions have been sent forward to that end. This cable touches at various Dutch and German Micronesian islands and finally connects with an Asiatic trunk line only objection suggested to landing on Guam was based on the location of the landing place selected by the cable company, but an agreement has been reached on this point and it will soon be possible for the navy department to send emergency orders by wire to the naval commandant at Agaña. In the course of time, probably by July next, the department will be able to communicate in the same way with Guam and all other islands in the Pacific.
The postoffice department has issued an order calling attention to the prevalence of smallpox in certain sections of the country and directing all postmasters to strictly enforce provisions of postal laws and regulations governing treatment of mail matter and supplies infected by disease germs.

WASHINGTON NOTES.

The amount of 3 and 2 per cent bonds received to the treasury for exchange into 2 per cent consols is \$33,151,500.
The remains of Maj. Clement L. Best, of the artillery corps, who died at Fort Monroe a few days ago, arrived here this morning and were interred in the National cemetery at Arlington with military honors.

POSTOFFICE ORDER.

The postoffice department has issued an order calling attention to the prevalence of smallpox in certain sections of the country and directing all postmasters to strictly enforce provisions of postal laws and regulations governing treatment of mail matter and supplies infected by disease germs.

ROBBERS SURPRISED AT WORK.

New York, April 18.—In a battle following an unsuccessful attempt to rob the First National bank of this place early to day one burglar was killed and Henry Willoughby, a baker, who surprised the thieves while at work, was seriously wounded. Willoughby was passing the bank on his way to work when he was suddenly confronted by a man who at the point of a revolver ordered him to throw up his hands and surrender. He did so, but in his right hand was a revolver and a moment later both men fell at each other.

USED DYNAMITE ON TURKS.

Salonica, April 18.—A sanguinary fight has occurred at the village of Opek in Macedonia between revolutionaries and Turkish troops. After the encounter had lasted some time and the revolutionaries were getting the worst of it, a dozen of them being killed or wounded, they resorted to the use of dynamite and hurled bombs among the Turks, seventy of whom were killed or wounded, and in the panic the revolutionaries broke through the Turkish cordons and escaped.

FORCED TO RETURN TO PORT.

THERE WAS NO TROUBLE.

Betting Booths Taken Out of Lakeside Race Track at Request of Officer.

Chicago, April 18.—There was no trouble between officers of the law and race track managers at the Lakeside race track this afternoon as had been expected for the reason when he was ordered to take out his betting booths John Condon, who manages the track, said he would do so without causing trouble. The racing meet, however, will not be discontinued. After the last race was run Chief of Police Cook of Hammond called on Condon and told him Governor Durlin's edict against betting would have to be observed. Chief of Police Cook took the action he did in compliance with orders from Governor Durlin, who had threatened to send soldiers to Hammond if the local authorities were unwilling or unable to stop pool selling at the track.

HERICK TO GET NOMINATION.

Chicago, April 18.—According to an official statement to day with George R. Cox, recognized leader of the Republican organization of Hamilton county, the contest which has been going on for months for the Republican nomination for governor has been practically settled by the acclamation of leaders and larger counties in declaring for Herick. It is conceded the promise of ninety-eight delegates from Hamilton county for Herick made his nomination but he has not yet been formally known in Ohio two months in advance of the convention. Herick was a member of Governor McKinley's staff, was an Ohio member of the Republican national committee, and is said to be Hanna's preference for the nomination. Cox in his interview declared: "We are for Hanna for senator and Roosevelt for president."

CAMPAIGN AGAINST AMERICA.

Rome, April 18.—Count von Schwerin-Lowitz, a leading member of the reichstag and president of the German Agricultural college, who was delegated to the international agricultural congress just held here, spoke to day to a representative of the Associated Press concerning his plans for a European customs union against American goods. He said his object was the same as when he spoke before the congress, namely, to provoke discussion of the question, and supporters of his plan will continue the propaganda. It has not yet been decided where the next session of the congress will be held, but it probably will be at Perugia or somewhere in Germany. Meantime, said the count, an endeavor will be made to bring about a general union of European commercial treaties all clauses not in harmony with this project.

IRON WORKERS' STRIKE SETTLED.

New York, April 18.—The iron workers' strike against the American Bridge company was settled to day at a conference between representatives of the union and the superintendent of the bridge company. It is understood the agreement provides the men will return to work on conditions prevailing before the strike was declared and if representatives of both sides cannot agree on a schedule of hours and wages for next year the matter will be referred to arbitration.
The strike will be called off as soon as the bridge company discharges the non-union men new in its employ.

CULLION SEES NEW ERA

Illinois Senator Speaks At Philadelphia.

Philadelphia, April 18.—Particular interest was displayed in the closing session of the Academy of Political and Social Science to night, owing to the importance of the topic of discussion and prominence of the speakers. Senator Cullion, chairman of the committee on foreign relations, was the presiding officer. He made his introductory address on the general subject, "Community of Interests of the United States and Latin-America." He said in part:
"As nations we can often help ourselves by helping one another. Several republics stand to us in sympathy, one in disposition to help each other, one in determination to make the three Americas great in possession of the highest civilization and a grand influence for the good of mankind. The movement of relations between the several republics will increase from year to year. It has often been said trade follows the flag. Trade and the flag should go together and in the interest of our sister republics I am anxious to see American ships with the American flag floating over them anchored in the ports of the south, laden with American products and manufactures for the markets of those countries, and again laden with the products of those countries for the markets of the United States. I hope to see the day very soon when the American flag will be bound together by lines of ships, subsidized, necessary, and by railroad and telegraph lines, so the people of all these nations, north, central and south, can conveniently come and go and mingle and trade for the advantage of all. When the canal treaty shall be ratified by Colombia, as I trust and believe it will, it will mark the beginning of a new era in the growth and prosperity of all the republics in Central and South America, and when the canal shall be completed it will not only be of vast advantage to all nations of the western hemisphere, but also to the people of this nation as a great natural highway for commerce between the eastern and western hemispheres."
Don Manuel Alvarez Calcedon, Peruvian minister to the United States, spoke on the subject, "Position of Peru in South American Affairs."
Don M. Yeloz Goitein, secretary of the internal bureau of American republics, addressed the academy on "The Position of Venezuela in American Affairs."
Don Gonzalo de Quesada, Cuban minister, spoke on "The Relation of Cuba to the United States."
Senator Don Joaquin Bernardo Calvo, Costa Rican minister, spoke on the position of Central America on the American Continent.

INCIDENT OF ANIMALS.

An English periodical says: The in slant which birds and creatures detect those of the human species who are likely to be hostile to them and those who may be regarded as business is of so subtle a quality that it almost seems to be a part of the nature of metaphysics. In the nesting season plovers will actually buffet the angler who is fishing too close to their broods, but by the date of the nest it almost seems to be a part of the nature of metaphysics. Lathrop, general agent, Union Pacific Railroad company, 908 Olive street, St. Louis, Mo.

LIKE FINDING MONEY.

Hatch's Drug Store Offers Popular Medicine at Half Price.
Hatch, the popular druggist, is making an offer that is just like finding money, for they are selling a regular 50 cent bottle of Dr. Howard's celebrated specific for cure of constipation and dyspepsia at half price. In addition to this large discount they agree to return the money to any purchaser whom the specific does not cure.
It is quite unusual to be able to buy 50-cent prices for a quarter, but that is what this offer really means, for it is only recently, through the solicitation of Druggist Hatch, that this medicine could be bought for less than 50 cents. They urged the proprietors to allow them to sell it at this reduced price for a little while, agreeing to sell a certain amount. The result has justified their good judgment. For the sale has been something remarkable.
Anyone who suffers with headache, dyspepsia, dizziness, sour stomach, specks before the eyes, or any other trouble, should take advantage of this opportunity. Dr. Howard's specific will cure all these troubles. But if by any chance it should not, Hatch will return your money.

GLASS FACTORIES CLOSE.

Twenty Thousand Laborers are Thrown Out of Work by the Shut Down.

Hartford City, Ind., April 18.—Every window glass factory in the United States to day went out of blast, including the federation and independent glass companies and small independent concerns, representing about one-half the capacity of plants of the United States. Twenty thousand skilled laborers leave the factories with no idea when they will return. The impression among the workers is when the wage scale is adopted for the next blast it will be close to 50 per cent reduction in wages. The season just closed in the glass industry has been all but a most prosperous one, as all companies have been at peace and all maintained prices during the entire blast.

CHILD BURNED TO DEATH.

Carlinville, April 18.—Little Ruth Oiler, the 4-year-old daughter of A. J. Oiler, of this city, was burned to death while at her home yesterday morning while at play with several children in the yard in the rear of the house.

READY FOR REVOLUTION.

Rome, April 18.—Private advices from the revolutionary committee in the Balkan state preparations for the insurrection are ready. The revolutionary committee asserts the whole Macedonia will rise and ask for the sympathy of Italy. In government circles here little faith is expressed in a general insurrection, while partial outbreaks are regarded as attempt to force European intervention.

WOMAN DENIED NEW TRIAL.

David City, Neb., April 18.—Miss Lena Lillie, convicted of the murder last October of her husband, a grain broker, was to day denied a new trial. Evidence was offered by attorneys for the defense tending to prove perjury on the part of two jurors. The jury recommended life imprisonment.

NEW CRUISER LAUNCHED.

Newport News, April 18.—The new cruiser West Virginia was launched this afternoon. Miss Catherine Vaughan, eldest daughter of Governor White, of West Virginia, acting as sponsor. The West Virginia, which is a sister ship of the California and Pennsylvania, is an armored cruiser of 14,000 tons displacement, with a speed of twenty-two knots.

A street pageant in which military companies from several Virginia cities and artillery detachments from Fort Monroe and others, marines and sailors of the German cruiser Gazelle participated in the launching. A pleasant incident of the day was exchange of courtesies between United States naval officers and officers and men of the German warship.

DEATHS.

Dubuque, Iowa, April 18.—Maj. Dewitt Cram, assistant to the United States district attorney, died to day.
Burlington, Iowa, April 18.—Charles P. Squires, a retired capitalist of Burlington, to day died of heart disease in a car on the Chicago, Burlington & Quincy railroad at Albia, Iowa.

BOODLES INDICTED.

Jefferson City, Mo., April 18.—Four more indictments were returned this evening, making seven so far in connection with the alleged legislative bribery. The names of the persons indicted were not made public.
St. Louis, April 18.—Trace of four more \$100 bills was obtained in evidence presented to day to the St. Louis grand jury. It is stated three of the bills were used in connection with the alum bill legislation in the senate and the fourth influenced text book legislation in the house.

CONTINUE FIGHTING.

St. Thomas, D. W. I., April 18.—A French steamer which touched at San Domingo city April 15 arrived here this morning. She reports there have been daily desultory fights in the city. A sailor from an Italian warship was wounded in an engagement Monday. The rebels have opened fire and armed criminals infest San Domingo, shooting indiscriminately and rendering life there unsafe. There was an unconfirmed rumor the secretary of either the Dutch or Spanish consulate at San Domingo city had been killed.

LIGHTNING STRUCK HOUSE.

West Point, Neb., April 18.—During a thunderstorm to day lightning struck the farm house of Fred Sengdref. All occupants, father, mother and four children, were badly burned and rendered unconscious. When Sengdref partially recovered he found the house in flames. He managed to drag his helpless wife and three of the children out, but was unable to get the other child, whose charred body was afterward found in the ruins.

ELEVATED STRIKE AVERTED.

New York, April 18.—After a conference between President Mahon of the National Federation of Street Railway Employees and officials of the Manhattan elevated roads to day it was announced an agreement was reached satisfactory to both which will be submitted to a mass meeting of employees Monday. The agreement provides for an increase of wages, but does not concede the nine-hour working day demanded by the men.

SQUADRON

Of course the Courier whines about scolded personal abuse by the Journal. This paper has simply referred to facts in the career of Mr. Platt, but has said nothing against his moral character at any time.

Mr. Morrissey has done well in establishing himself at the bar and has accomplished much by his heroic efforts and as such he deserves well of the people. He has been a good man for every place in which he has been put and he will continue to do so right along if elected city attorney this spring.

Of course we are pretty much all in the habit of looking for a man who is a Democrat to do the right thing with the people's money. He is a Democrat and he has been tried in the same way as the others and not found wanting. He will again serve the people in the same place and will be a large majority.

The Republicans of the Third ward have a good pair of men for the office of city clerk. They are a good pair and have a good majority. They have been tried in the same way as the others and not found wanting. They will again serve the people in the same place and will be a large majority.

den of school age all demand imperatively the election of Edward Whitmer as member of the board of education. He has done well; his children to educate, is a patron of the schools, a progressive, intelligent man and every way capable and should have the support of all who wish good schools. He is the right man in the right place and the people will do well to see to it that every vote possible is secured for him.

The Courier complains that the new smoke stack built at the light plant was not built by contract. The city council voted almost unanimously to build it by the day, and they were wise. The city had an opportunity to use all the old brick and bats in the city yard for a foundation, and they have to day a smoke stack that will stand for a life time, and it is paid for, notwithstanding the statement in the Courier to the contrary. This improvement is along the line of all the improvements made during this administration—a substantial nature, that will last for a life time.

Who can tell just how long Alex. Platt will be a Democrat? He has turned all the political somersaults of the day. A Republican, a Democrat, a Greenbacker, a Social Laborer, a Prohibitionist, a Populist, a free silver and a straight Democrat. After he is defeated next Tuesday he will be ready to join any party that will start. There is one thing sure; he will not be a Democrat after his defeat. And if he should be elected mayor you could not tell one day he would be a Democrat. He might decide on some policy one day and have a change of heart before morning. Such is the political record of Alex. Platt. Why not his municipal record, if elected?

In his confession before the people the Democratic candidate for mayor, and by the way, he should hardly be called the Democratic candidate any longer, candidly admitted there were some things he couldn't do, but he sententiously declared he would close the saloons on Sunday without any extra police force. This is rather rich. There are some twenty-eight saloons in the city and they are scattered widely and it is interesting to inquire how the gentleman will have

his three men at all these places at once.

The Courier should have posted its candidate a little better before he confessed so many things before the people in his grand stand play for votes. He should not have been permitted to show his ignorance or inconsistency in declaring he would not try to enforce some of the plain statutes. He should not have been permitted to display his ignorance or willingness to misrepresent facts as he did when he censured the present city government for not getting interested in that \$31,000, which is being held for a specific purpose. He gave himself away in several instances showing his coarseness hadn't fully attended to their duty in the matter.

An office to be voted for at the city election Tuesday is that of city clerk. It is an important office and one that should have the impartial consideration of the voters generally. It is an office that requires a man of business qualifications, clerical experience and a thorough knowledge of systematic accounting and bookkeeping. In this office all the records of the city are made up and from this office all disbursements of the city in the shape of warrants, etc., are sent out. It is readily seen therefore that any kind of carelessness or slack business methods in such an office may become a serious matter to tax payers and it behooves them to see to it that on election day their better judgment is not warped by partisan prejudices.

If fitness for the office and faithful public service in the past are considered the people will not fail to return the present efficient city clerk, Samuel B. Stewart. His past record is his best endorsement and beyond question he has proved himself at all times the right man in the right place. His administration has been above criticism.

Lee P. Allcott has a unique transparency in his window representing a bottle of Vinol with a label reading "Home of Vinol." This means that anyone may be perfectly at home or free to ask Mr. Allcott any questions he or she may desire about this popular medicine. Mr. Allcott also has a very attractive window display for the same preparations. A friend jokingly asked Mr. Allcott if he were now selling fish. His reply was "No, but as my best seller is a product from fish, I think that display very appropriate for Vinol. There is a difference in fish, however. If you don't like Vinol, you get your money back."

A HANDSOME STOCK.

A Journal reporter looking into the jewelry store of Dennis Schram, successor to E. H. Stebbins, was delighted to see the new goods and general air of prosperity prevailing there.

Elegant new show cases have been placed in the room and filled with especially handsome goods and having been ten years with Mr. Schram, Mr. Schram knows the wants of the trade in this community. He is a thoroughly competent workman and strictly up-to-date in his goods and methods, while he will give special attention to watch and clock repairs, at which he is an acknowledged expert. His stock is larger than has ever been kept there before and comprises the best goods the markets afford and he always wants it understood that when he makes a promise of any kind regarding goods or work he will always make it good. His stock of silver and plated ware is especially attractive and his line of watches, jewelry, jewelers' fancy goods and the like is unsurpassed and being a practical workman he knows what to select. He has associated with him Mr. Balcke, a first class workman and one who spent two years at Parsons' horological institute in Hartford, Conn., and has entrusted to Mr. Schram will trade carefully and honest attention.

WOMAN'S COLLEGE NOTES.

Dr. Barker was away several days last week looking after college interests.

Mrs. Barlow, of Dixon, was a guest at the college a few days last week while attending her daughter, Mabel's, recital.

Miss Edith Loose, '01, of Illinois, visited the college on Friday.

Miss Cole and Miss Knopf are guests at the home of Mrs. Patterson.

A private recital was given by the pupils of the College of Music Wednesday afternoon.

The senior recital given by Mabel Barlow Thursday afternoon in the college chapel was well attended and one of great merit. Miss Barlow rendered the excellent program in a very creditable manner.

The College of Music is growing continually as new pupils have entered recently. Miss Corinne Stout has entered for post graduate work, and Miss Hazel Glenn for violin, and the Misses Sisson for piano and guitar.

The recital given Monday evening by the pupils of Mrs. Kiley was an excellent one. The program rendered showed marked talent and thorough training.

The Mendelssohn club will give a concert Tuesday, April 28, at Grace church. Tickets on sale Wednesday at Tindale & Brown's music store and at the College of Music. The next rehearsal will be at Grace church Tuesday evening, April 21.

Essays read last week were as follows: "What We are and How We Advertise," Helen Birch; "American Humor and Mark Twain," Olive Mathis; "Book Memories," Anne White, and "Child Labor," Amy Fack.

The Belles Lettres society will hold their open meeting Monday evening in the college chapel. An excellent program has been prepared.

FROM THE SOUTH.

David Sorrells has returned from Bessemer, Alabama, where he has been making a visit of six months with his daughter, Mrs. Luther Gilchrist. Both the young people will be well remembered here, where they were so well known. Luther has a responsible and important position with a large concern down there and is most pleasantly situated and in receipt of a good salary, which he is using to the best advantage. He has a delightful home, with all the modern improvements and is well pleased with his location and duties. Mr. Sorrells came up from his present residence at East St. Louis for a short visit with home people and expected to return in a day or two.

Rush Orders for Royal Waists

We have had such a sale on Royal Waists that we have had to send several "hurry-up" orders to the makers. We have sold Royal Waists for several seasons and women who in past years purchased one at a time

Cheviots, Piques, Damasks, India Linons and Persian Lawns—Royal Waists at \$1 to \$2.50 each.

Light Weight Comforts

Just the right weight for present use; made pretty silkolines and filled with clean, white cotton batting; 2 yards square. Special price 95c each.

Some Scarce Laces

We have succeeded in securing an extraordinary lot of laces. Chantilly and Guipure—insertions, bands and laces. Every fashion book tells you they are the fad of the season for trimming waists or dresses. It's harder for us to get the choice of patterns just now than it is to sell them and this new lot will soon go.

Beautiful White Goods

More and more pretty patterns in white mercerized cottons for waists. There's no fading in these goods; they wash perfectly, retaining the silky lustre which is imparted to them by mercerizing the yarn before weaving.

ribbed, double knee and sole, high apliced heel, 15c pair, or 2 pair for 25c. Women's Topsy stockings in Lace Lisle and Richelieu rib-mercerized, at 25c pair, and men's extra quality, all black or split foot Topsy sock, at 25c pair.

Everything that goes from Misses Longman & Smith's millinery store shows the good taste of the trimmers and the fine quality of goods.

OVERDOSE OF BROMIDE.

Charles L. Libby, a traveling salesman, took an overdose of bromide recently in Springfield. He insisted, however, to start on his trip to Waverly and with assistance was able to get to the train. Several of his traveling companions realizing the condition he was in, knew it was dangerous for him to sleep and as he was so drowsy after the train started they worked with him to keep him awake until the train reached Waverly. He was taken to the City hotel there and Dr. Allen was called, who found him in a dangerous condition. He was able to give relief by use of a stomach pump. Mr. Libby is still seriously ill and his firm will send a man to care for him until he is able to travel.

"PECK'S BAD BOY."

"Peck's Bad Boy," coming to the Grand Wednesday, April 22, have not only met with success, but they have deserved it. This has been accomplished by giving a good, clean, up-to-date show, one that ladies and children can witness without having to blush for it. This season the Bad Boy is entirely remodeled and is portrayed by a superb company, composed of some of the best vaudeville talent, who will render some of the latest specialties and novelties, including all the latest songs and music. The play can be termed an uproariously funny farce, written for fun only. When properly portrayed, can be considered a very enjoyable evening's pleasure—only worthy of your patronage. Seat sale opens Tuesday.

Y. M. C. A. NOTES.

Robert Purdie, one of the boys at the Blind, will speak at the E. G. M. J. B. Williamson will give a Gospel talk at the men's meeting at 4 p. m. Every man in the city cordially invited. Good music; good service.

THE DEATH RECORD.

The infant son of Mr. and Mrs. William T. Smith died Saturday morning from measles. The child was about 8 weeks old.

The funeral will be held this afternoon at 2 o'clock at the house.

W. B. Brockhouse, of Bluff, died at a late hour Friday night. He deceased formerly lived in this county and was favorably known to many residents. His wife and a number of children survive him. Mr. Brockhouse was an uncle of Henry Northing of this city.

The funeral will be held at 10 o'clock this morning.

FUNERALS.

DEVILIN.

The infant child of Mr. and Mrs. Jack Devlin was buried Friday. The child was 4 weeks old. The loss is deeply felt by the parents and their friends.

KEATING.

The funeral of Willie Keating, little son of Mr. and Mrs. D. M. Keating, took place Saturday morning at St. Mary's Catholic church in Winchester, the services being conducted by Rev. Fr. Ryan. The church was filled with sorrowing friends and relatives. The deceased was an especially bright and lovable child and will be sorely missed. At the cemetery the grave was completely hidden with beautiful flowers. The grief stricken parents have the sympathy of all their friends.

McGLOTHLIN.

The funeral of little Clarence McGlothlin was conducted from the home of his mother at the corner of Independence and Allen avenues by Rev. T. H. H. McGlothlin, pastor of the church. The good minister made beautiful and appropriate remarks on the sad occasion, offering words of tender sympathy to the bereaved mother. Many lovely flowers were sent in kind friends who expressed their feelings in a tender manner while a large number of schoolmates of the deceased accompanied the remains to Jacksonville cemetery. The bearers were playmates, Weir Woods, Eddie and Harry Steinkuehler and Roy Pickle. The flower girls were Minnie Wyatt and Ruth McAvoy. At the grave the children sang "Nearer My God to Thee."

A RARE OPPORTUNITY.

Anyone desiring to purchase a fruit farm will find a rare opportunity in the offer of James W. Graham, who is compelled to sell his property situated just north of the city, overlooking the city and commands a splendid view. The farm is well improved and has over 175 bearing trees of the choicest varieties just in their prime. The average apple crop is 800 bushels. It is an ideal place for poultry raising and all kinds of small fruit. Shade trees are also abundant. For information call at place or telephone Illinois 8672.

GOOD REPORT FROM MR. DOAN.

F. M. Doan received a letter yesterday from Chicago containing the welcome news that the physician who is treating Parker Doan, considers his condition as very favorable. After the accident to Mr. Doan exactly the proper measures were taken, so he reached Chicago in the best possible condition. The treatment will take three weeks and Mrs. Doan will remain with him during that time.

PINE BARN BURNED.

The handsome barn on the farm of A. P. Grant, at Waverly, was burned to the ground one night recently. Nine horses and two mules were burned to death.

ANNOUNCEMENT.

To the People of the Third ward, Jacksonville, Ill.

Having been nominated a non-partisan candidate for alderman by a large number of citizens, by petition which has been filed with the city clerk according to law.

I now state to you that said petition was gotten up without any solicitation of connivance on my part. No other candidate being so nominated direct from the people.

I am not hunting for an office, but it has come to me and I accept.

I have lived in the Third ward for 30 years, and watched its growth and improvement which has been made in the last two years than for many years previous, and as soon as we get our new postoffice building, for which I worked so hard, other improvements will naturally follow, and we will soon have the most beautiful ward in the city.

In accepting the nomination, it is hardly necessary to state that I am for public improvement, more paved streets, a trunk sewer, better sidewalks.

To use the public and people's money economically to get the best results.

To bring to Jacksonville any industry or enterprise that will do the best I can for the welfare of the city in general and the Third ward in particular.

Very respectfully yours,

Wm. Newman.

WORKING FOR A PAVEMENT.

Some of the residents of South Church street are circulating a petition to secure the paving of that street from College avenue to Morton avenue. There are good prospects for the success of the movement and the pavement would certainly add materially to the value of property on that street.

LICENSED TO MARRY.

Benjamin W. Beau, Jacksonville; Emma Reed, Jacksonville.

Peter Bridges, Waverly; Lillie Berry, Waverly.

PROBATE COURT.

Conservatorship of T. M. Angelo. Final report approved and conservator and his bondsmen discharged.

TIE BIRTH RECORD.

The following dishes we do not carry and ask you politely: "Will you have some?" In South Africa they have baked monkey; only the feet and trunk of the elephant are used. These are baked in holes in the earth. Porcupines are first boiled and then roasted. In China, dogs and cats are a great delicacy. In Zanzibar a stew of puppies is greatly esteemed. In China snakes are used for food. The Italians make jelly out of seaweed snakes. Thanks, we have no appetite to day.

By Associated Press.

Chicago, April 18.—Wheat—The opening prices were barely steady, but to moderate selling movement by local traders on favorable weather conditions and indifferent cables.

May was down 1/4c to 17 1/2c at 17 1/2c higher at 17 1/2c to 17 3/4c.

The market received some support from Armour interests early in the morning, but with foreign new bullion together with strong outside markets shorts began to cover freely while commission houses also bought liberally.

Under these conditions prices gradually advanced. May 1903 advanced to 17 3/4c to 17 1/2c. Late in the day there was slight reaction on liquidation, but closing prices were strong. May being 1/4c higher at 17 3/4c, July up 1/4c to 17 1/2c. Liverpool 4c lower to 14 1/2c. Fifteen boat loads were accepted on credit.

Corn—Fairly active at times and feeling more steady, but with foreign new bullion together with strong outside markets shorts began to cover freely while commission houses also bought liberally.

Under these conditions prices gradually advanced. May 1903 advanced to 44 1/2c to 44 1/2c. Late in the day there was slight reaction on liquidation, but closing prices were strong. May being 1/4c higher at 44 1/2c, July up 1/4c to 44 1/2c. Liverpool 4c lower to 14 1/2c. Fifteen boat loads were accepted on credit.

Oats—Active and advanced 1/4c, but with close 1/4c higher than yesterday.
